HUMAN RIGHTS INTERNATIONAL COALITION (EHRR) was established in 1992. It is an umbrella organization of the European Parliament. It is a voluntary association of human rights NGOs from Europe. The principle of the EHRR is: "Every human being is entitled to respect for his honour and dignity." The principle of the EHRR is: "Every human being is entitled to respect for his honour and dignity."
Legal Monitoring Network of Georgia

Coordinated with U.S. Environmental Protection Agency, Project Laid Collaboration with Environmental Protection Agency, Project Laid, and other international monitoring programs, the Network will:

- Conduct monitoring activities in Georgia, which include:
  - Collection of data on environmental indicators
  - Monitoring of environmental conditions
  - Analysis and reporting of environmental data

The Network is designed to:

1. Promote the application of international environmental laws and regulations in Georgia
2. Enhance public participation and transparency in environmental decision-making
3. Develop networks of local stakeholders to coordinate action

In summary, the Network is focused on:

- Implementing national and international environmental laws
- Promoting environmental protection and sustainable development
- Enhancing public participation and transparency in environmental decision-making
- Developing networks of local stakeholders to coordinate action
